

Solar Reflective Colors

By Edmund Allen

30 pre-approved solar reflective colors with a 15 year warranty.

Custom colors may be available with an extended lead time pending LRV testing.

Due to print and digital display limitations, these are only representations of each color. Please request a physical sample for color matching.

AQUACRON MV200 SERIES

SOLAR REFLECTIVE

Delivering robust protection over PVC and composites, Aquacron 200 Series enamels create long-lasting protection over substrates where adhesion can be problematic.

WHY US?

With over 60 years of pre-finish experience, Edmund Allen has become an industry leader and trusted resource in the Midwest for quality products and support.

SAMPLES

We can provide a physical sample with the substrate and color of your choice. Please contact us or your local lumberyard to ask for a sample.

The good
stuff in the
red wrap.
