"The good stuff in the red wrap."

The Edmund Allen Difference

Established in 1897, we have built a reputation for quality and service, earning the phrase from our customers, "the good stuff in the red wrap".

Millwork

From print to reality, we bring custom millwork to life with any of our wood products.

Pre-Finishing

We've been custom pre-finishing since 1962 and have since mastered multiple coatings and substrates from western red cedar to modern composites.

Quality Control

All of our production processes follow strict operating procedures to ensure we run things the right way, every time.

Delivery

We have our own fleet of eight, 48' flatbed trucks and a flatbed straight truck for smaller runs up to 12,000 lbs.

We have an affinity for high end and custom, so if you can't find what you're looking for, please contact us and we can probably make it!
